PROFESSIONAL SUMMARY

Dynamic MIS Analyst & Workflow Automation Specialist with 6+ years of versatile cross-functional experience across Data Engineering, Operations Management, and Technical Support. Proven expertise in architecting scalable automation pipelines utilizing **JavaScript (ES6+), Google Apps Script (Sheets/Gmail/Drive APIs), Web Macros, and Excel VBA**. Specialized in **PostgreSQL database architecture for saving operational parameter data**, dynamic threshold configurations, and **AI-integrated Power BI MIS reporting suites** across HRA (HR Analytics), Sales pipelines, and Store Inventory, reducing recurring manual operational reporting hours by 95%+.

TECHNICAL SKILLS & AUTOMATION TOOLKITS

Automation & Scripting: JavaScript (ES6+, DOM Automation, Tampermonkey Web Macros, Web Scraping, REST APIs), Google Apps Script (Cloud Triggers, Google Sheets/Gmail/Drive API, Automated PDF Dispatcher), Advanced Excel VBA (Macros, Power Query M-Code, Scripting.Dictionary In-Memory Hash Reconciler), Python (Pandas, NumPy, Automated ETL Pipelines, Google Gemini AI API).

Business Intelligence & Data: Power BI (Interactive Operational Dashboards, DAX Measures, AI Visuals), PostgreSQL Database (Saving Operational Parameter Data, Dynamic Threshold Configurations, Parameter Audit Triggers, Complex SQL Validation Queries, Stored Procedures), Advanced MS Excel (XLOOKUP, Dynamic Arrays, Pivot Tables, Model Design).

Productivity & IT Operations: MS Office Suite (Word, Excel, PowerPoint), Git (Version Control), Network Infrastructure Maintenance, System Troubleshooting, Hardware/Software Deployment.

Operations & Domain Portfolios: Multi-Department MIS (HR Analytics, Sales Funnel, Store Inventory & Assets, Order Processing, Factory Yield), B2B Enterprise Client Relations, B2C Outreach, Supply Chain Tracking & Machinery Audit.

WORK EXPERIENCE

AUFINJA

2025 - Present

Data Operator & Operations Analyst

- **Multi-Department Data Portfolio:** Centralize and maintain operational data portfolios across HR, Sales, Order Processing, and Factory/Production outputs.
- **PostgreSQL Parameter & Query Management:** Architect and maintain PostgreSQL database tables to save and manage operational parameter data (attendance anomaly caps, sales quotas, and inventory reorder buffers), executing high-volume SQL validation and automated audit logging triggers.
- **MIS & Daily Reporting:** Design and present daily performance dashboards and status reports for executive management to track business KPIs.
- **Inventory & Asset Management:** Oversee real-time inventory tracking, reconciliation, stock logs, and factory supply chain data.
- **Technical & IT Support:** Provide hands-on IT support, network maintenance assistance, and hardware/software setup.

RELIANCE JIO

3 Years (2021 - 2024)

Field Support Executive (FSE) [B2B Sales & Operations]

- **B2B Relationship Management:** Visited retail outlets and enterprise clients to build long-term business relationships and boost product distribution.
- **Retail Enablement & Guidance:** Educated store managers and outlet teams on product selling techniques and pitch positioning.
- **Supply Chain Coordination:** Monitored inventory flow at outlet levels, collected market feedback, and updated backend sales logs.

RELIANCE JIO

0.6 Years / 6 Months (2020 - 2021)

Senior Operations Officer (SHO) [B2C Direct Sales & Events]

- **Direct B2C Lead Generation:** Drove direct-to-consumer sales through ground-level activities, event setups, and door-to-door outreach.
- **Campaign Execution:** Planned and executed promotional field campaigns outside traditional store environments.
- **Lead Pipeline Closure:** Managed end-to-end lead conversion and customer onboarding documentation.

RELIANCE JIO

1 Year (2019 - 2020)

Executive Data Support System / Promoter (XDSS) [B2C Outlet Promotion]

- **Outlet Sales Promotion:** Actively promoted product offerings inside assigned retail outlets to maximize engagement.
- **Lead Generation & Prospecting:** Identified potential retail buyers, pitched product advantages, and closed sales targets.
- **Data Entry & Daily Logging:** Reported daily footfall, customer inquiries, and sales metrics into the backend system.

INTERACTIVE POWER BI MIS SHOWCASE & PORTFOLIOS

Explore my work: shivam-mis.vercel.app

Multi-Department Power BI & Data Analytics Suite

- **PostgreSQL Parameter Integration:** Engineered centralized parameter tables in PostgreSQL to save and manage operational thresholds and reporting rules, powering dynamic recalculations across Power BI and automation scripts.
- **HR Department Portfolio:** Built interactive staff attendance & performance audit dashboards tracking 96.4% avg attendance and leave caps.
- **Sales Department Portfolio:** Modeled monthly deal closures and lead pipeline metrics (450+ leads, 182 deals closed, 40.4% conversion rate).
- **Store Inventory Portfolio:** Developed real-time asset tracking and maintenance audit systems for 480 store units across IT hardware and equipment.

KEY HIGHLIGHTS & CORE COMPETENCIES

- 6+ Years of cross-functional experience spanning Data Management, Field Operations, B2B/B2C Sales Execution, and Technical Support.
- Proven track record of maintaining 99.99% data accuracy across multi-department portfolios (HR, Sales, Orders, Factory, Inventory).
- Expertise in PostgreSQL relational databases for saving parameter data, schema design, complex SQL validation, Power BI visual dashboarding, and Advanced MS Excel (XLOOKUP, Pivot Tables, Macros).
- Dual domain expertise combining Information Technology (B.Sc. IT) with hands-on mechanical operations (ITI Diesel Mechanic).

EDUCATION & CREDENTIALS

B.Sc. IT (Bachelor of Science in Information Technology)

CGPA 6.89 | 2022 - 2025

Chandrabhan Sharma College, Powai (Mumbai University)

- Specialization: Software Development, Database Management Systems (DBMS), and System Architecture.

ITI in Diesel Mechanic

Score: 75.00% | 2021 - 2022

Government ITI, Byculla

- Specialization: Technical Operations, Mechanical Systems, Preventive Maintenance, and Machinery Audit.

Higher Secondary Certificate (HSC - 12th Commerce)

Score: 55.40% | 2020

Vidya Niketan Jr. College, Ghatkopar (Maharashtra State Board)

- Specialization: Mathematics, Information Technology (IT), and Commerce.

Secondary School Certificate (SSC - 10th Standard)

Score: 59.20% | 2018

VPS High School (Maharashtra State Board)

- Specialization: Secondary Certificate, General Studies.
